ABOUT

Yves Restaurant was inspired by Smith & Mills owners adoration of the small and highly personalized owner-operated neighborhood Café culture in Paris (Montmartre). Yves occupies a two hundred year old former Seafarers Inn, across from the main downtown Hudson River entrance.

The restaurant is washed in a minimalist design aesthetic in the heart of picturesque Tribeca (across the st from the Greenwich Hotel). The restaurant features photographs (Aaron Stern) featuring Parisian streetscapes and Jean Prouve inspired custom millworks and metalworks along with various midcentury modern antique fixtures and farrow and ball paints.
